

## 2022 State Festival Raffle - \$1,000 Cash & 2 – ¼ Beef (valued at \$500 each ¼)

1. Square Dancer - \$5 for 1 / \$10 for 2 / \$35 for square (8) – you are getting 1 free dancer with a square. You don't have to be present to win. This is to help with the deficit the MFSRDC has had the last few years.
2. Club keeps \$2 for every dancer sold. (Even when you sell 8, you keep \$16) This is to help dancers raise money for their own club.
3. Be sure and write your clubs name and district on the back of every ticket stub before you turn them in, the club that sells the winning ticket of the \$1,000 cash prize, wins an additional \$100 for their club!
4. When you sell dancers (tickets) to non-square dancers, they get their dancer and there's nothing more for them to do. When a square dancer buys the dancer, if you take that dancer to 5 different club's dances, have them sign your dancer, then bring it to the State Dance, you get to put that dancer in a drawing to win \$100 for yourself (you have to be present to win this drawing). You can buy multiple dancers and do this, but you can only have one dancer signed per visit to another club's dance. Once you fill 1 dancer with signatures, you can take another one out and do it again. They can be the same clubs you visited before and they can be any and every club you visit. Then just bring them all to the State Dance in Sedalia, and turn them in at the Raffle table. This is to promote visiting other clubs and attending the state dance.
5. If you run out of tickets, please contact **Gay Spencer at 660.734.3714** or **Penny Byers at 660.707.3719**. Please **DO NOT throw any of your dancers (tickets) away**. Please return the ones you do not sell with the ticket stubs & money that you do sell. There is no limit to how many tickets you can sell, so get out there and sell all you can and promote the Love of dance.
6. Our Goal for "Buy a Square Dancer" campaign is to: promote square dancing throughout the state and beyond (So many people don't even know that this fun activity exists) and to help every club have the finances to pay for their caller(s), their venue and lessons for new students so we can grow our clubs and spread the love of square dancing.
7. Suggestions/Ideas: It's up to individual clubs how they want to keep track of their ticket sales and how they want to promote this campaign. Each town has different events throughout the year, so we are kicking this campaign off now so you have several months and different opportunities to sell a dancer, while promoting your club at your local festivals, craft shows, buy/sell them as Christmas gifts (any event, anywhere). Just set up a table at the events with a sign that says "Win \$1000 Cash", promote your club, meet new people and possible contacts for lessons (when they see the dancer, that gives you opportunity to talk about square dancing and your club). It wouldn't hurt to keep a list people could put their name/number on if they are interested in lessons.
