1. When a dancer goes down, a second dancer attends to him/her.
2. Remaining Dancers join hands and take a step backward. This will allow the injured person and attendant air and room.
3. Raise joined hands as high as possible in the form of an arch.
4. On seeing this signal, the caller or hall monitor will immediately place an emergency call for aid.

**Note:** If you send for medical help or an ambulance, be sure to put a "spotter" outside the building to help them find the location where they are needed.
