We have 2 sets of people who have contacted us wanting to start new clubs. One is Joann Gipson wanting to start their old club (Ozark Whirlers) back up. Asking for help financially.

The other is the Western Twirlers in Joplin saying there is interest in Carthage to start a new club. They need to know how to get one started.

Can we have a discussion take place because according to Standing rules the partial reimbursement for district clubs is not for starting a club.

We have the Travelers Square Dance club having sent in their info to get a partial lessons reimbursement.
