

Aaron Wells

calling for the Local clubs in my area.

I come from a family of square dancers. My grandparents danced for many years, my mother was in Square Dancing competitions and then I started dancing at an early age and have continued it's passion!

In 2003 I was a founding member of the Gateway Squares in St.Louis.

Then in 2005, I started on the path of becoming a caller. I called my first dance at the Missouri Promenader's shortly there after. Since then, I have continually worked on making this my career.

I call in several parts of the country as well as at National and International Conventions. I've attended caller schools and have been mentored by some of the best callers we have.

I currently live in St. Louis where I keep busy by
